Meet Bruce:

Hello, my name is Bruce Froese, I've been trimming for 16 years.

I got into trimming because I was tired of the inconsistency of the construction industry. When the opportunity to work with an experienced hoof trimmer came along, I took it.

I attended a course on the Dutch 5 step method and shortly after started out on my own. I found it challenging in the beginning but enjoy it to this day.

My wife and I have been married for 32 years and have 3 children whom we are very proud of. Cheers.
